

**Superior Central School District**  
**Staff Technology Usage Agreement**

Use of the Internet is a privilege, not a right. The Internet connection for the Superior Central School District is provided for school business and educational purposes only. Unauthorized or inappropriate use will result in a cancellation of this privilege.

The district has implemented technology protection measures that block or filter Internet access to visual or written information considered obscene, pornographic, or harmful to students. Online activity of staff members is monitored in an effort to restrict access to pornography and other material that is obscene, objectionable, inappropriate, and/or harmful to students, staff, and administration. The Superintendent, or other members designated by the Superintendent, may disable the technology protection measure to enable access for legitimate research or other lawful purposes.

Staff members accessing the Internet through the district's computers and network assume personal responsibility and liability, both civil and criminal, for unauthorized or inappropriate use of the Internet.

The district reserves the right to monitor, review, and inspect any directories, files and messages residing on – or sent using – the district's computers and networks. Messages relating to or in support of illegal activities will be reported to the appropriate authorities.

To the extent that proprietary rights in the design of a web site hosted on the district's servers would vest in a staff member upon creation, the staff member agrees to license the use of the web site by the district without further compensation.

---

**TECHNOLOGY AGREEMENT**

**Superior Central School District**

I have read and agree to abide by the *Staff Technology Usage Agreement*. I understand that any violation of the terms and conditions set forth in the agreement is inappropriate and may constitute a criminal offense. As a user of the district's computers, network and the Internet, I agree to communicate over the network and the Internet in an appropriate manner, honoring all relevant laws, restrictions and guidelines.
